**Re: Conference on Religious Music of Mediterranean Countries**

Dear Sirs,

Following the discussions we had with Mr. Thomas Louziotis in April 25, 2009 in Athens, based on a draft Program and basic information about the Conference on Religious Music of the Mediterranean Countries, we hereby inform you that Europa Cantat, European Federation of Young Choirs together with its Mediterranean Centre for Choral Music based in Barcelona is planning to support this event to be held in Greece and particularly in the Thessaly Conference Centre of the Metropolis of Demetriada at Volos from 6–8 October 2011.

We are going to provide artistic consultancy and suggest internationally renowned specialists to make their presentations at this important Conference. We shall also co-operate with your delegation regarding the artistic presentation and live performances. Further, we shall advertise this event in all publications and other brochures of Europa Cantat as well as through the network of the Mediterranean Centre for Choral Music in Barcelona, in order to attract the interest of the interested parties.

We are very glad for this collaboration and we encourage you to continue working in this field that upgrades the music and choral life in your country.

For and on behalf of Europa Cantat

Sonja Greiner  
Secretary General
